

Shelby Ch'ng

Thunder Bay-Superior North

1. What would be your top priority for Francophones in your riding if elected in June?

We will make sure every Ontarian has access to services in French and will increase the number of French-speaking health care workers.

2. The new French Language Services Act allows the Minister of Francophone Affairs to designate government services under the French Language Services Act, including non-designated areas. Is there a government service in your riding that you will work on to have designated?

We will invest in affordable and supportive homes for Francophone seniors. We will make sure every Ontarian has access to services in French and we will increase the number of French speaking health care workers.

3. The main obstacle to the Francophonie is the shortage of Francophone and bilingual workers. How do you plan to increase the pool of Francophone and bilingual workers in your riding?

Ontario Liberals are committed to supporting the growth of the Francophone community. As a part of this commitment, we will increase equitable access to French Immersion programs and invest into new schools to meet the demand for French Language education. We will also recruit, train, and re-train, more French Language teachers.
