

Hi Eric

Well just happens I have a very close connection to the Francophone community.

Im sure you know Erin Couture and Nancy Leclerc
who are my favorite people :)

I have and will continue to support Festival Bonjour and Francophone Day for the flag raising:)

At a municipal level having access to french information at city hall and someone who can
translate as well is paramount.

The Francophone community is an integral part of Thunder Bays culture and as I said my
friendships with so many of this community have always embraced me and i embrace them and
we together make Thunder Bay a better and inclusive City
Merci Eric

Clint
