

What place should the francophone community have in Dryden?

The francophone community is one of the three founding cultures in Canada and should be celebrated as such. As the Mayor, I would continue to whole heartedly support a proclamation and flag raising each year and as well promote any cultural celebrations that the community choose to do in Dryden.

What sort of policies would you put forward to make available or to improve access to municipal information in French?

With the population of francophones being at 7% the city could not justify the expense to maintain a complete translation of our available information in the French language, however I would support the translation of key documents/policies that maybe requested by the community if it is important to them.
