

To answer your questions...First, our francophone community has a longstanding and valued position in our community. Many moved to our area when the pulp mill was built and settled here to work and raise their families. Many more have chosen to make Marathon their homes since that time and together, along with people from all backgrounds and cultures, have made Marathon what it is today. Secondly, I would make sure the municipal website had a language selector so that all the Town information could be translated.

I hope those answers are sufficient. If you have any further questions, please feel free to contact me.

Best regards,
Jennifer Morgan
