1. My top priority would be to help make the Francophonie feel welcome and a part of our community. One way I will do so is to release media content in both the English and French languages.
2. Yes I would assist with directing the bilingual Francophone newcomers to French-language service providers, French-language schools and Francophone associations in your city, ways I would achieve goal is to create and maintain a database of these available on our township website, as well as a printed copy on hand to give out as a free printout available to collect at the library and town hall.
3. Yes, I would be in favour of keeping and flying the Franco-Ontarian flag permanently in my township during my term as Mayor

Merci beaucoup,

Sincèrement,

Adam Cherry
