

Un grand merci à Monsieur Fred Mota pour avoir pris du temps pour nous avoir répondu. *A big thank you to Mr Fred Mota for taking the time to answer us.*

1. I would like our council to be inclusive and recognize all Francophone activities in the community. We will continue to celebrate Francophone heritage on September 25th and assist/involve this community with all events. The past four years during my tenure as Mayor, attests to my commitments of the Francophone community. Direct dialogue, involvement, support and assisting with social media and events will continue and be fully supported.

2.This initiative will continue to be supported. Newcomers will be made aware of the Francophone community in Red Lake (contact information) and literature to be included with “welcome baskets” with information such as Francophone activities, schools and community groups.I strongly believe that the Municipality should be inclusive of all community groups and be fully supported.

3.I believe that having the flag stand stagnate for 365 days takes away the awareness of the Francophones in our community. I would rather see a celebration yearly on September 25th and having the flag raised for a month. This way, the awareness of the Francophones in Red Lake remains forefront and celebrated by all in our community during this monthly celebration.

Regards,

Fred Mota
Mayor
Municipality of Red Lake
